THREE STANDARD

Mass Produced

TO BRING THE BEST TO YOU... FOR

● SHIELDALL standard sized aluminum awnings possess all the outstanding construction features heretofore restricted to special-built custom awnings. What's more, their perfectly tailored, generously proportioned lines make them suitable canopies for most doors and windows.

SHIELDALL awnings are made with interlocking aluminum panels, beautifully finished in lifetime, fade-resisting, baked enamel colors.

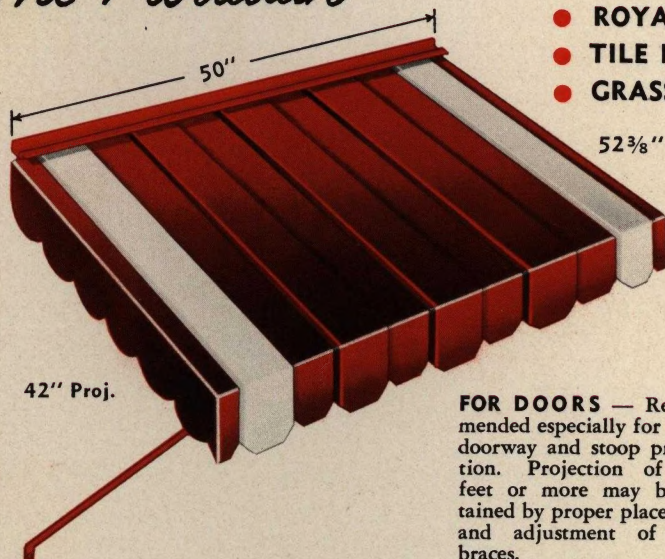

Special leakproof Chimney Vent construction stimulates venti-

lating air currents to carry heat away from the the hotter months, while affording maximum protection from sun damage or accumulations of snow, sleet, ice.

The beauty of SHIELDALL standard sized awnings is highlighted by dual white feature stripes and front and side valances that give added wind protection.

SHIELDALL standard sized awnings may be ordered in the preferred slope. See product descriptions for details.

● The Floridian

- ROYAL BLUE & WHITE
- TILE RED & WHITE
- GRASS GREEN & WHITE

52 3/8" Pan

FOR DOORS — Recommended especially for front doorway and stoop protection. Projection of 3 1/2 feet or more may be attained by proper placement and adjustment of side braces.

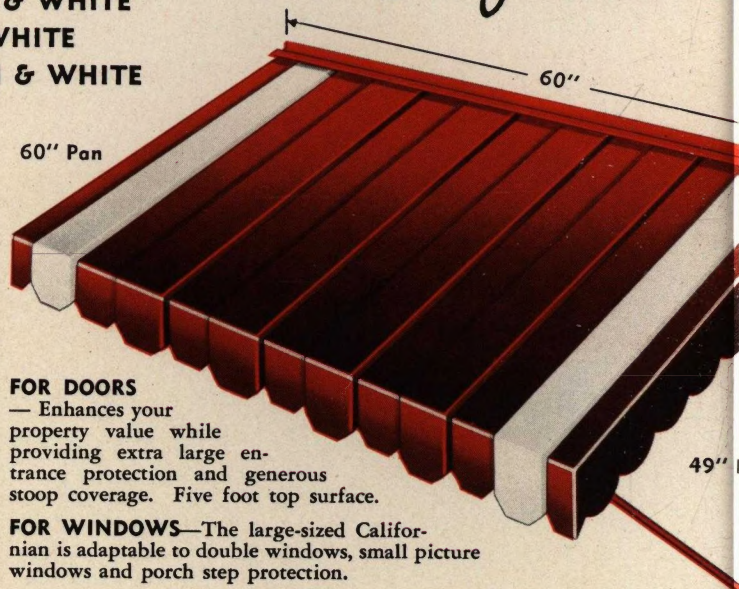

FOR WINDOWS — Side braces are placed to bring lower front valance approximately equal to center of window.

FLORIDIAN NO. 2
50 inches wide

\$49.50

F.O.B. Factory

The Californian

60" Pan

FOR DOORS — Enhances your property value while providing extra large entrance protection and generous stoop coverage. Five foot top surface.

FOR WINDOWS — The large-sized Californian is adaptable to double windows, small picture windows and porch step protection.

\$65.00

CALIFORNIAN NO. 3
60 inches wide

F.O.B. Factory

All standard sized SHIELDALL awnings may be joined together with available splicing parts when wider awnings are required. FOR EXAMPLE: A 6-ft. to 8-foot picture window or large concrete stoop may be covered by splicing two 40" or 50" standard units. Ask your SHIELDALL dealer for details for splicing New Yorker to New Yorker, Floridian to Floridian, Californian to Californian.

The New Yorker

- ROYAL BLUE & WHITE
- TILE RED & WHITE
- GRASS GREEN & WHITE

40 INCHES WIDE

Suitable for doors
up to 32" wide.

NEW YORKER NO. 1

\$39⁵⁰

F.O.B. Factory

● The luxurious New Yorker is not to be confused with ordinary awnings built for low price. This SHIELDALL awning was designed to provide maximum protection for this generally called-for size. The low price is a result of studied efficiency in production. It is impossible to buy a better aluminum awning, in this size, at any price — anywhere! The New Yorker is the quality and protection you want for a price you can't afford to miss.

FEATURES

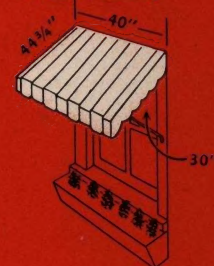

- All-Weather Protection
- Distinctive White Feature Stripes
- Minimum Cost
- Lifetime Aluminum Construction
- Leak-Proof Ventilation
- Stylish Provincial Designing
- Infra-Red Baked Enamel Surfaces

FOR DOORS

SHIELDALL awnings provide plenty of room for door clearances. Slope is determined by placement of braces. The 40" wide New Yorker will project from building enough to permit free swing of 32" door.

FOR WINDOWS

When this awning is used for window coverage side braces are adjusted to bring bottom of front valance about even with center of window which will be an overall projection of about 30".

LEAK-PROOF

Chimney-Vented

CONSTRUCTION

Reasons why... you should select SHIELDALL

● **PERMANENT** — SHIELDALL awnings are easy-to-install, easily removable units that permanently protect your property against all weather.

● **CONSTRUCTION** — Lightweight strength, reinforced aluminum construction makes SHIELDALL awnings adaptable for all buildings.

● **BEAUTY** — Functional styling, highlighted by gleaming white feature stripes and baked enamel finishes give SHIELDALL awnings an appealing charm that endures for a lifetime of comfort.

● **QUALITY** — SHIELDALL awnings are quality products produced by skilled craftsmen, using the fin-

est equipment and materials. All units are thoroughly inspected before packaging.

● **WORK-SAVING** — No more storage problems or maintenance bills. SHIELDALL awnings have no moving parts to get out of order. They're easy to clean, too! Periodic use of your garden hose or wiping with a damp cloth is all that's needed to keep them looking like new indefinitely.

● **LOW COST** — New mass production facilities and engineering techniques make possible increased savings for you. Invest now for a lifetime of satisfaction with SHIELDALL permanent aluminum awnings.

A SHIELDALL AWNING FOR EVERY PURPOSE

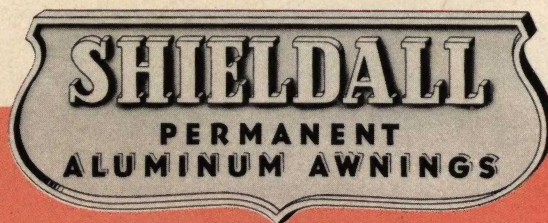

● **STANDARD SIZES** — Three generously proportioned standard sized awnings with engineered adjustability make SHIELDALL practical, permanent canopies for doors and windows.

● **MULTIPLES OF STANDARD SIZES** — SHIELDALL standard units may be spliced to unite any number of individual standard units into one wide inte-

grated awning for oversized picture windows and other installation points where standard projections are suitable.

● **CUSTOM-MADE SIZES** — SHIELDALL quality constructed permanent aluminum awnings are also available in custom-made sizes to fit special installation or style preferences.
